What are Action Teams?

What are Action Teams?

Groups set up by students to make a difference to the school community by:

- changing something in school for the better
- or sharing a passion

They give students the power to make decisions and become leaders of change.

How do you get to be on it?

Anyone can either start or join an Action Team.

All you need is an idea, some people to help you, and a member of staff to sponsor you.

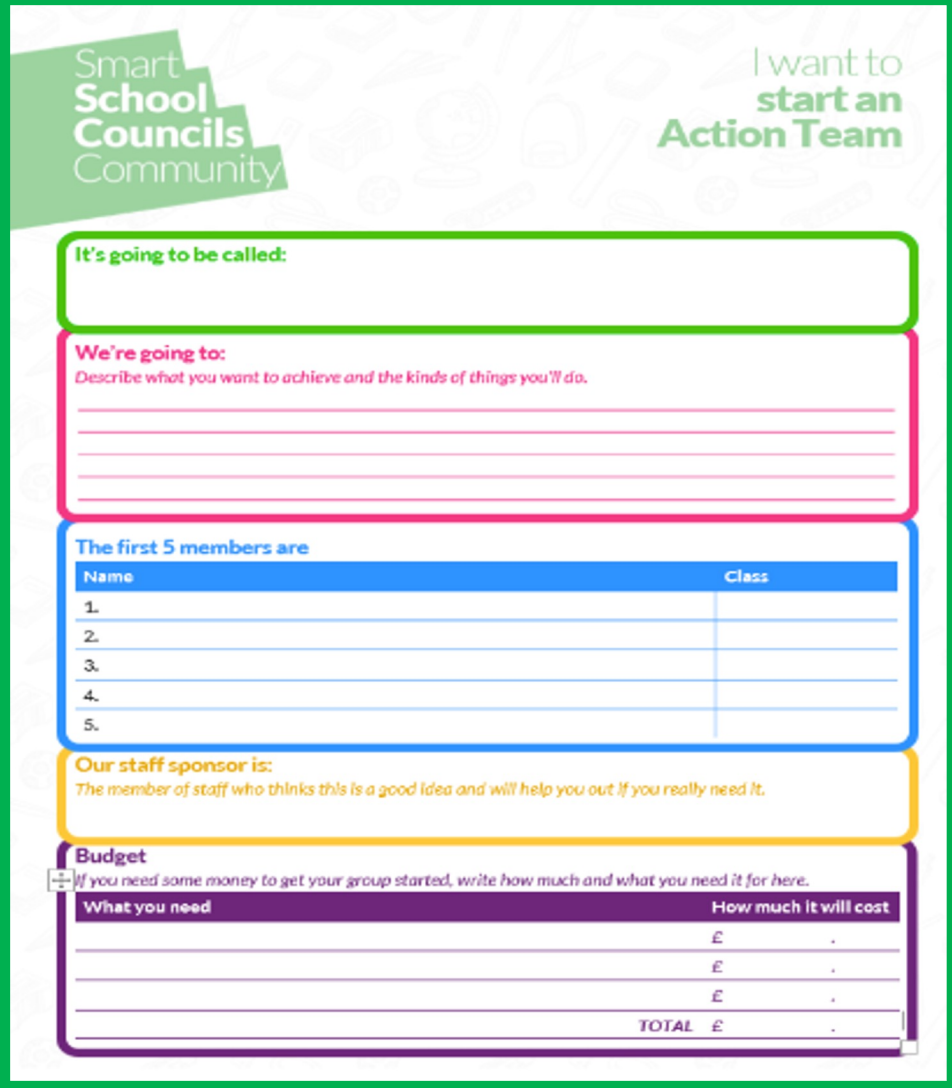
The most important point to remember is that the success of an Action Team is up to you. It will only work if you make it happen.

What do they look like?

Think your school should have a peace garden?

Want to share your love of Harry Potter with others?

Ask your Communications Team for this form, or mention your idea during your next Class Meeting to get started!



Smart School Councils Community

I want to start an Action Team

It's going to be called:

We're going to:

Describe what you want to achieve and the kinds of things you'll do.

The first 5 members are

Name	Class
1.	
2.	
3.	
4.	
5.	

Our staff sponsor is:

The member of staff who thinks this is a good idea and will help you out if you really need it.

Budget

If you need some money to get your group started, write how much and what you need it for here.
