Golden Rules

Here are the golden rules which we expect all children to follow at all times while at school. When displaying the golden rules, children will have the opportunity to win dojo points. The child who has the most dojos at the end of the week will be 'Star of the week' and win a small prize. If children are not following the golden rules in class they will be reminded to make the right choices. If the behaviour continues, a consequence may be issued such as missing some of their playtime. If a child is not following the Golden Rules on the playground, they will have 5 minutes time out. Children will continue to have golden time on a Friday afternoon which they will be able to pick. All classes will have a positive recognition board where they will be working collectively towards a goal to win marbles for their class jar.

There are many other ways in which positive behaviour is recognised and rewarded at Halling (as per our Behaviour for Learning Policy).

Positive Recognition Boards

□ Over the course of the last academic year, all children responded well to Positive Recognition Boards. They will continue to support positive behaviour for learning this year.

Notably, Positive Recognition Boards are at the front of all classroom and learning spaces which:

- Are positioned so all children can see it
- Are given importance and are also visually engaging
- Show a record of what the class have collectively achieved to celebrate all their team work and refer back to if it slips
- Show the collective aim/reward for when the marble jar is full

Our Golden Rules

At Halling:

We are kind and helpful

We listen to everyone

We are honest

We work hard

We look after property

We keep safe

Positive Recognition Boards

- Pink think clouds are also displayed alongside our Positive Recognition Boards, children may be 'moved' onto the cloud as a reminder to think about the choices they are making and how this may be impacting themselves and/or others. The aim is for a child/children to be swiftly 'moved' back onto the Positive Recognition Board following a period of reflection.

Our Curriculum

At Halling Primary School, we use Chris Quigley's essentials curriculum and milestones for the basis of our teaching. Your child is in milestone 2. This means over the 2 years, they will learn the same topics but learning about them on a deeper level in the second year. We have based our curriculum design on evidence from cognitive science with the three main principles: learning is most effective with spaced repetition, interleaving helps children to discriminate between topics and aids long-term retention and retrieval of previously learned content is frequent and regular which increases storage and retrieval strength.

English

Non-negotiables in English include using basic punctuation such as full stops and capital letters and neat handwriting (cursive when possible). When completing homework or encouraging writing at home, please support the school with ensuring your child is using the basics within their writing. If you would like to know any English terminology, please ask a member of the Year 3 team.

Children can work towards writing with a handwriting pen throughout Year 3.

KS2 Reading Vipers

Vipers is a range of reading prompts based on the 2016 reading content domains found in the National Curriculum Test Framework documents which can be found online here: <https://www.gov.uk/government/publications/key-stage-2-english-reading-test-framework>

Vipers heading	Content Domain reference	Content Domain Description
Vocabulary	2a	Give/explain the meaning of words in context
Infer	2d	Make inference from the text/ explain and justify using evidence from the text.
Predict	2e	Predict what might happen from the details stated and implied.
Explain	2f, 2g, 2h,	Identify/explain how information/narrative content is related and contributes to the meaning as a whole. Identify/explain how meaning is enhanced through choice of words and phrases. Make comparisons within the text
Retrieve	2b	Retrieve and record key information/key details from fiction and non-fiction
Summarise	2c	Summarise main ideas from more than one paragraph

VIPERS

In Guided Reading lessons, we use VIPERS as the basis of our lessons. We spend a week picking apart and analysing a text. In each lesson, we focus on a VIPERS domain.

Swipecode:

A 3x3 grid of circles for a swipe code. The first column has three purple circles. The second and third columns have white circles. A white line connects the top-left purple circle to the bottom-left purple circle, and another white line connects the bottom-left purple circle to the bottom-middle white circle.

Homework

Children will receive homework every Friday. This will consist of a list of spellings for the children to practise and some space for the children to apply their spellings into a sentence.

Maths homework will be based around arithmetic and the 4 operations (+ - x ÷).

Homework will need to be returned by Wednesday to allow time for it to be marked.

Homework club will be offered one lunchtime for any children who would like to go over their homework with a teacher in school. Children will be tested on previously taught spellings on Friday. In addition to this, you could use SpellingShed or TTRS/Numbots for some extra practise. Your child/ren's log-in should be in their contact book.

Reading/Contact Books

Your child will have a levelled reading book and a reading for pleasure book. The levelled book should allow your child to read 90% of the book fluently. This allows the child to understand the book and answer comprehension questions. The reading for pleasure book could be a chance for your child to enjoy reading or being read to. Please use the child's contact book to record when your child/ren have read. We expect children to read or be read to everyday.

We will be checking the children's contact books daily. We may use it to deliver messages so please check it as well and update it with any messages you have for us.

Year 4 Multiplication Tables Check

The multiplication tables check (MTC) is statutory for Year 4 pupils. The purpose of the MTC is to determine whether pupils can recall their times tables fluently, which is essential for future success in mathematics. It will help schools to identify pupils who have not yet mastered their times tables, so that additional support can be provided.

Throughout Year 3, we will be working hard to ensure your children build their knowledge and confidence in their times tables.

Thank you!

Thank you for joining us this afternoon.
